A two-day workshop brings together stakeholders from government and international partner organizations working on legal preparedness. [More details](#)

**From Plans to Action: disaster law advances across Eastern Europe and Central Asia**
Headlines were made in Astana, Bishkek, Dushanbe, and St Petersburg, with important steps to strengthen national and regional legislative instruments. [More details](#)

**Increasing the efficiency of humanitarian aid into the Philippines**
Laws are a vital ingredient in the drive to make aid delivery quicker and more effective during disasters. [More details](#)

**NEW PUBLICATIONS**
- IDRL in Botswana (Botswana Red Cross and IFRC)
- IDRL in Ecuador
- IDRL in Jamaica (Jamaica Red Cross)

The reports analyse legal and policy frameworks of each country for disaster management and response, focusing on international assistance. They provide an assessment of strengths and gaps as well as recommendations for strengthening legal preparedness for disasters.
