Where do you want me to put this? Sorting out property issues after the Haiti earthquake

Housing thousands of homeless is hard. Making sure they have the right to stay in their new homes is even harder. Property rights issues are turning out to be among the thorniest problems facing the recovery operation.

Indonesia’s progress on IDRL and the role of the Indonesian Red Cross (PMI)

Indonesia has made important progress in applying the IDRL Guidelines through legislation, implementing regulations and developing a detailed manual on foreign aid. PMI has played a key facilitating role.

New IDRL studies by the German and the Netherlands Red Cross Societies

As part of a two-year project involving the IFRC and six EU Red Cross Societies, the German and the Netherlands Red Cross Societies have just published new studies on the regulation of international relief in their countries.
