## ASIA: EARTHQUAKE & TSUNAMIS EAST AFRICA REGION

4 April 2005

The Federation's mission is to improve the lives of vulnerable people by mobilizing the power of humanity. It is the world's largest humanitarian organization and its millions of volunteers are active in over 181 countries.

### In Brief

Revised Preliminary Appeal No. 28/2004; Operations Update no. 51; Period covered: 15-31 March 2005; Appeal coverage: 118.9% ([Click here to view the provisional contributions list attached; also available on the Federation's website](#)).

#### Highlights of the Day:

- Mauritius Red Cross Society donates USD 100,000 towards the tsunami appeal response.
- East African regional national societies responded promptly to latest tsunami alert (28 March).
- Eritrea, Seychelles and Somalia adopt the Movement Coordination framework concept.

#### Appeal history:

- Preliminary appeal launched on 26 December 2004 CHF 7,517,000 (USD 6,658,712 or EUR 4,852,932) for 6 months to assist 500,000 beneficiaries.
- Disaster Relief Emergency Funds (DREF) allocated: CHF 1,000,000.
- Revised Preliminary Appeal issued on 30 December 2004, for CHF 67,005,000 (USD 59,152,246 or EUR 53,439,988) for 2 million beneficiaries for 6-8 months.
- The Preliminary Appeal was originally launched titled "Bay of Bengal: Earthquake and Tsunamis". The title was subsequently changed to "Asia: Earthquake and Tsunamis" in the Revised Preliminary Appeal launched on 29 December 2004.
- Operations update No. 16 revised the Revised Preliminary Appeal 28/2004 budget to CHF 183,486,000 (USD 155,286,000 or EUR 118,669,000) with programme extensions for particularly Sri Lanka, Indonesia, the Maldives and East Africa.

## Background

The magnitude 9.0 earthquake that struck the area off the western coast of northern Sumatra on Sunday morning, 26 December 2004, at 7:59 am local time (00:59 GMT) triggered massive waves, or tsunamis, that inundated coastal areas in countries all around the Indian Ocean rim – from Indonesia to Somalia. Sri Lanka, the Indonesian province of Aceh, four states of southern India, the Maldives, and coastal areas of Thailand, Malaysia, and Myanmar were the most severely affected. The earthquake epicentre was located at 3.30N, 95.78E at a depth of 10 kilometres. The area is historically prone to seismic upheaval due to its location on the margins of tectonic plates. However, waves of this magnitude are rare and therefore the level of preparedness was very low.

Thousands of staff, relief and medical personnel, and volunteers of the Red Cross and Red Crescent societies of the tsunami-affected countries have provided a vital initial response, in search and rescue, clean-up, providing temporary shelter and immediate relief assistance, emergency medical services, psychological first aid and tracing. It is estimated that over 22,000 Red Cross and Red Crescent volunteers and 76 relief and medical teams were mobilized in the disaster-affected areas.

The Federation immediately launched a Preliminary Emergency Appeal on the day of the disaster with a focus on Sri Lanka, Indonesia and the Maldives. On 3 January 2005, the ICRC launched budget extensions additional to its 2005 Emergency Appeal for Indonesia and Sri Lanka. Along with initial support from the country and regional delegations, the Federation deployed within 24-72 hours three [Field Assessment and Coordination Teams \(FACT\)](#) and 18 [Emergency Response Units \(ERU\)](#) in the sectors of water and sanitation, health care, aid distribution, telecommunications, and logistics/transportation to Sri Lanka, Indonesia and the Maldives.

A total of 270 relief consignments have now arrived in the various affected countries and a further seven are in the relief pipeline, making a total of 277 relief consignments coordinated through the Federation through 22 March.

The Federation's fleet base, based in Dubai since July 2004, has been very active in the tsunami operation and provided vital logistics support through the preparation and dispatching of vehicles within 24 hours to delegations and national societies in the tsunami-affected countries. New tenders are in progress currently to meet the additional demand of various delegations, especially the one in Sri Lanka.

## East Africa

### Focus on the transition from emergency relief to longer term development in the tsunami response

## Somalia

### Overview

The head of the Federation's Somalia delegation visited the Puntland region and met with [Somali Red Crescent](#)<sup>1</sup> branches and Ministry of Health representatives ahead of an expected scaling up of the national society's health programme. An expansion of the health and care programme in Bari region will be preceded by an in-depth assessment before the end of April, which will be conducted in coordination with partners in the Somali Aid Co-ordination Body.

Recently, the findings of an assessment by 20 humanitarian organizations coordinated by the UN's Office for the Coordination of Humanitarian Affairs (OCHA) in the tsunami-affected area in Somalia recommended an

expansion and strengthening of health training and health education in the community. It emphasized the need for understanding by community members of hygienic procedures and practices, improving sanitation by addressing availability of toilets and waste disposal, as well as an upgrading of health facilities in Gara'ad, Hafun, Bender Beyla and Eyl.

The Somalia delegation and the national society remain actively involved in coordination with other partners to ensure that priority areas are responded to. With its network of health clinics and expertise in health prevention activities, the Somali Red Crescent can and will play a pivotal role in future health-related activities.

Several partners have earmarked funds for Somalia through the Federation's global tsunami appeal. The South African Red Cross has been a key support; the British Red Cross, German Red Cross and Ethiopian Red Cross have also supported the operation, in addition to other National Red Cross and Red Crescent Societies. Other partners - the World Bank, the Somali diaspora, and the governments of Saudi Arabia and China - have also pledged their support to Somali Red Crescent's tsunami-related activities.

## Red Cross and Red Crescent Action

**Objective 1 (health): The health conditions among the most affected people in Somali coastal regions of Alula, Iskushuban (Hafun), Bender Beila, Eyl and Jariban have improved and the outbreak of epidemics and waterborne diseases prevented.**

In Hafun, Somali Red Crescent staff continues to conduct health activities, such as health awareness campaigns and sanitation activities. They are supported by 17 newly recruited local volunteers who completed their training. The volunteers are working to sensitize and involve community members in sanitation activities in their respective districts or villages. Protection materials are needed; heavy-duty gloves and masks were received through the Federation. More than 100 volunteers, deployed from neighbouring branches, have returned after spending nearly three months in the tsunami-affected region.

The national society, through the branch secretary for Bari region and the Garowe-based national health officer, is in the process of recruiting a health officer to support the Bossasso branch in health and care planning and subsequent interventions.

**Objective 2 (capacity building): The disaster response capacity of national societies in the East Africa region is strengthened.**

The Federation's regional IT/telecommunications officer was deployed to Somalia to lend technical support. During this mission the Garowe and Galkyo branches were equipped with HF mobile radios. A new computer, printer and scanner were installed, along with Internet connections, in the Bossasso branch. Computer repair and maintenance was performed in the three branches.

The process of recruiting a disaster management officer for the Somalia delegation to assist the national society in its disaster management planning, implementation and evaluation continues.

A lesson learning exercise is planned at the end of the operation.

## Seychelles

### Overview

The [Seychelles Red Cross](#)<sup>2</sup> has become a member of the national disaster sub-committee under the Office of the President. This sub-committee is mandated with a review of the draft national disaster plan, and with submitting final documents to the national disaster committee within the next three months.

<sup>2</sup> Seychelles Red Cross Society – <http://www.ifrc.org/where/country/check.asp?countryid=151>

## **Asia: Earthquake and Tsunami; Appeal no. 28/2004; Operations Update no. 51**

All routine activities of the national society are conducted in parallel with the tsunami operations with the Red Cross having identified the need to scale up its human resources base in order to be able to conduct proper disaster management at national level.

There has been increased interest by partner national societies in supporting the Seychelles Red Cross in its disaster response and address the short-, medium- and long-term programme development. A letter of intent was signed with the German Red Cross. Other potential partners in developing projects and programmes on a bilateral basis are the Spanish and French Red Cross Societies. All these partnerships will be established using the Movement Cooperation framework as developed by the Federation. The British Red Cross and the Hong Kong Red Cross (chapter of the Red Cross Society of China) have pledged their support to the Federation's multi-year appeal with several other national societies also interested.

The Seychelles Red Cross conducted a review exercise of its strategic plan and. The final report will be shared with all partners.

### **Red Cross and Red Crescent Action**

#### **Objective 2 (immediate livelihood restoration): Essential livelihood rehabilitation activities supported for selected families in the Seychelles and Somalia.**

The Seychelles Red Cross continues its relief operations to address the needs of the people who were affected by the tsunami. During the past two weeks, 12 more families reported to the office seeking assistance. They were advised to approach the national society either by their district administration or by other organizations that do not have the mandate for relief assistance in this national operation.

A reassessment was conducted on Praslin in the first week of March; another 10 new beneficiaries were identified, among them three fishermen needing boat repairs to return to fishing. The last distribution on Praslin was conducted on 30 March for 10 families. They were assisted with non-food items: cooking sets, bed sheets, cookers, washing machines and refrigerators.

#### **Objective 2 (capacity building): The disaster response capacity of national societies in the Eastern Africa region is strengthened.**

Through the regional delegation in Nairobi, the Seychelles Red Cross procured 40 sets of personal gear for members of the Red Cross regional disaster response team (RDRT) which included: helmets, boots, gloves and rain coats. Another 40 sets will be procured once available on the local market.

Office equipment has also been procured, allowing the national society's operational capacity to be strengthened. This had positive impact particularly on the administrative side of the operation.

Preparations for a vulnerability and capacity assessment (VCA) exercise and disaster management and psycho-social support training are ongoing.

## **Africa Region**

The recent earthquake on the coast of Sumatra, which affected Indonesia, triggered fears of another tsunami threatening the African coast and prompted mobilization of resources. The regional delegation in Nairobi was informed by the Secretariat within the first hour. Within 90 minutes of this first call, the national societies in Somalia, Kenya, Tanzania, Djibouti, Mauritius, Seychelles, Comoros and the French Red Cross PIROI (Platform for Rapid Intervention in the Indian Ocean Islands) in Reunion had been informed; no communication was possible with the Malagasy Red Cross.

The national societies were able to quickly communicate with their government counterparts and to telephone their branches on the coast. The Somali Red Crescent's secretary general was interviewed by BBC-Somalia news service; he addressed the need for communities to be aware of the risks and take appropriate action to avoid these

## **Asia: Earthquake and Tsunami; Appeal no. 28/2004; Operations Update no. 51**

risks. The Regional Delegation also contacted regional and Somalia offices of UN-OCHA, and coordinated closely with UN agencies.

As it became clear (21:15 GMT) that the potential tsunami was directed south, this news was conveyed to the national societies. As well, the national societies were again contacted the following morning. The only reported impact was in Mauritius: a 1.5-metre wave washed up the coast, but with no notable damage or casualties.

The rapid response by all concerned was attributed to the experience of the original 26 December tsunami, the 18 January learning review in Nairobi, and the commitment to early warning and disaster preparedness in the 10-point "Nairobi Initiative". Other lessons will be identified and reviewed so as to improve preparedness and response in the future.

A member of the Secretariat's Movement and Cooperation department visited the regional delegation (6-16 March) and was instrumental in establishing the newly-recruited movement coordinator in his position. The movement coordinator met with the cooperation delegate of ICRC and discussed the cooperation framework developed in South Asia and Southeast Asia bringing together components of the Movement with the national societies in leading the process. Similar discussions were held with national societies and consultations are ongoing to make sure that efforts by Movement partners are well-coordinated and that there is a spirit of cooperation. Already Eritrea, Seychelles and Somalia have adopted the concept and will soon start applying the movement cooperation framework, with possible adaptations related to their individual contexts.

Preparations are under way for the field visit of the Federation's Special Representative to the Secretary General for the tsunami who is scheduled to visit the affected countries of the East Africa region during the third week of April.

## **Red Cross and Red Crescent Action**

### **Objective 1 (capacity building): The disaster response capacity of national societies in the Eastern Africa region is strengthened.**

The Federation IT/telecommunications office provided technical support to Somali Red Crescent branches. HF communication and computer equipment was installed (see Somalia section above for more details).

A British Red Cross consultant and a national society disaster preparedness staff member will review and evaluate the success of the East African RDRT mechanism. This April review will focus the next training and exercise event planned for June 2005.

Three sub-regional meetings were held in March in the Indian Ocean Islands and Nairobi. These meetings engaged all national societies in the review and further definition of planning at the sub-regional level for 2005-2010. The secretaries general of the five East African national societies reviewed the East Africa plan of action while senior staff from the Horn of Africa national societies met to review their sub-regional plans. Specific country-level plans and budgets will be developed once the revised appeal is launched.

A logistics assessment is planned and discussions were initiated with ICRC and French Red Cross (Indian Ocean Islands) for warehousing support. British Red Cross will assist with a senior member of their logistics emergency response unit (ERU).

The candidate selected for the position of disaster management delegate (francophone) declined the posting and the recruitment process continues.

### **Objective 2 (advocacy): The humanitarian needs of the disaster affected and the work of the national societies are advocated for.**

The Mauritius Red Cross pledged USD 100,000 towards the Federation's tsunami Appeal; 10 per cent was earmarked for the Seychelles Red Cross.

**Asia: Earthquake and Tsunami; Appeal no. 28/2004; Operations Update no. 51**

A staff-on-loan communication and information officer from Tanzania Red Cross joined the regional delegation at the beginning of March for a two-month assignment to assist with the production of operations updates, web site stories, and general updates.

As of 7 April, seven Information Bulletins have been issued related to the Nias Earthquake of Monday 28 March 2005.
