## ASIA: EARTHQUAKE & TSUNAMIS EAST AFRICA REGION

22 January 2005

The Federation's mission is to improve the lives of vulnerable people by mobilizing the power of humanity. It is the world's largest humanitarian organization and its millions of volunteers are active in over 181 countries.

### In Brief

**Revised Preliminary Appeal No. 28/2004; Operations Update no. 26; Period covered: 14 -20 January 2005; Appeal coverage: 87.2%** ([Click here to view the provisional contributions list attached, also available on the Federation's website](#)).

#### Appeal history:

- Preliminary appeal launched on 26 December 2004 for CHF 7,517,000 (USD 6,658,712 or EUR 4,852,932) for 6 months to assist 500,000 beneficiaries.
- Disaster Relief Emergency Funds (DREF) allocated: CHF 1,000,000.
- Revised Preliminary Appeal issued on 29 December 2004, for CHF 67,005,000 (USD 59,152,246 or EUR 53,439,988) for 2 million beneficiaries for 6-8 months.
- The Preliminary Appeal was originally launched titled "Bay of Bengal: Earthquake and Tsunamis". The title was subsequently changed to "Asia: Earthquake and Tsunamis" in the Revised Preliminary Appeal launched on 29 December 2004.
- Operations update No. 16 issued on 12 January 2005 revised the Revised Preliminary Appeal 28/2004 budget to CHF 183,486,000 (USD 155,286,000 or EUR 118,669,000) with programme extensions for Sri Lanka, Indonesia, the Maldives and East Africa.

#### Highlights of the Day:

- **This Operations Update focuses on the East Africa Tsunami Review Meeting held in Nairobi on 18 January.**
- **It includes The Nairobi Initiative, a 10-point document summarising the priorities identified by the national societies during this review meeting.**
- **It finally provides an update on the work progress of national societies and the Federation in Somalia and Seychelles**

#### For further information specifically related to this operation please contact:

- **In Geneva:** Iain Logan, Head of Tsunami Operations Coordination, Geneva; +41.22.730.4258, email: [iain.logan@ifrc.org](mailto:iain.logan@ifrc.org) (also covering Sri Lanka).
- **In Kenya:** Anitta Underlin, Federation Head of Eastern Africa Regional Delegation, Nairobi; email: [ifrcke03@ifrc.org](mailto:ifrcke03@ifrc.org); Phone: 254.20.283.51.24; Fax 254.20.271.84.15; Steve Penny, Federation Eastern Africa Regional Disaster Management Coordinator, Nairobi; email: [ifrcke78@ifrc.org](mailto:ifrcke78@ifrc.org); Phone: +254.20.283.51.17; Fax: +254.20.271.84.15
- **In Geneva:** Josse Gillijns, Regional Officer for Eastern Africa, Africa Dept.; email: [josse.gillijns@ifrc.org](mailto:josse.gillijns@ifrc.org); Phone: +41.22.730.42.24; Fax: +41.22.733.03.95

All International Federation assistance seeks to adhere to the [Code of Conduct](#) and is committed to the [Humanitarian Charter and Minimum Standards in Disaster Response](#) in delivering assistance to the most vulnerable. For support to or for further information concerning Federation programmes or operations in this or other countries, or for a full description of the national society profile, please access the Federation's website at <http://www.ifrc.org>

## Background

The magnitude 9.0 earthquake that struck the area off the western coast of northern Sumatra on Sunday morning, 26 December 2004, at 7:59 am local time (00:59 GMT) triggered massive tidal waves, or tsunamis, that inundated coastal areas in countries all around the Indian Ocean rim – from Indonesia to Somalia. Sri Lanka, the Indonesian province of Aceh, four states of southern India, the Maldives, coastal areas of Thailand, Malaysia, and Myanmar were the most severely affected. The earthquake epicentre was located at 3.30 N, 95.78E at a depth of 10 kilometres. The area is historically prone to seismic upheaval due to its location on the margins of tectonic plates. However, tidal waves of this magnitude are rare and therefore the level of preparedness was very low.

Summary of the human toll caused by the tsunami as of 19 January

Countries	Dead	Missing	Displaced	Homeless	Sources
Indonesia	166,320	6,245	n/a	617,159	Government
Sri Lanka	30,922	5,565	437,482	480,000	Government
India	10,749	5,640	647,599	20,000	Government
Maldives	82	21	21,663	n/a	Government
Thailand	5,323	3,115	n/a	n/a	Government
Myanmar	59	10	n/a	3,200	Government
Malaysia	68	50	n/a	4,296	Delegation
East Africa	244	n/a	52,000	n/a	Government
<b>Total</b>	<b>213,767</b>	<b>20,646</b>	<b>&gt;1,158,744</b>	<b>&gt;1,124,655</b>	

*Note: East Africa covers tsunami-affected countries of Kenya, Madagascar, Seychelles, Somalia and Tanzania.*

Thousands of staff, relief and medical personnel, and volunteers of the Red Cross and Red Crescent societies of the tsunami-affected countries have provided a vital initial response, in search and rescue, clean-up, providing temporary shelter and immediate relief assistance, emergency medical services, psychological first aid and tracing. It is estimated that over 5,000 Red Cross and Red Crescent volunteers and 76 relief and medical teams have been mobilized in the disaster-affected areas.

The Federation immediately launched a Preliminary Emergency Appeal on the day of the disaster with a focus on Sri Lanka, Indonesia and the Maldives. On 3 January 2005, the ICRC launched budget extensions additional to its 2005 Emergency Appeal for Indonesia and Sri Lanka. Along with initial support from the country and regional delegations, the Federation deployed within 24-72 hours three [Field Assessment and Coordination Teams \(FACT\)](#) and 18 [Emergency Response Units \(ERU\)](#) in the sectors of water and sanitation, health care, aid distribution, telecommunications, and logistics/transportation to Sri Lanka, Indonesia and the Maldives.

A total of 77 relief flights have now arrived in the various affected countries and a further 31 flights are in the Federation relief pipeline, making a total of 108 relief flights coordinated through the Federation.

The Federation and the ICRC in Geneva are currently working on an organizational framework for Movement coordination in the tsunami operations. A note has been sent out to national societies and delegations on this today, for consultation. It is expected that the framework, which will set in place strong platforms for coordination, will be finalized shortly, and a final note will be sent out by the Federation and the ICRC next week.

## Operational Developments

### East Africa

#### East Africa Tsunami Review Meeting - The Nairobi Initiative

Following the unique impact and consequences of the Earthquake and Tsunami in the Indian Ocean, leaders of the affected national societies in Eastern Africa and other East African national societies represented by RC-NET, together with representatives of the Platform for Rapid Intervention in the Indian Ocean (PIROI), Partner National Societies (PNS) based in the region, ICRC, and representatives of the Federation Secretariat from Geneva headquarters and the field met in Nairobi on 18 January 2005.

The meeting reviewed national societies' and the Federation's response to the tsunami disaster and took into consideration proposals for regional preparedness measures. The Secretariat and the affected national societies of Kenya, Seychelles, Somalia and Tanzania gave an update on the Tsunami response. While a swift response to the

disaster was noted in the cases of Kenya, Seychelles and Somalia, the Tanzania Red Cross admitted that both authorities and the national society were taken by surprise by the sudden nature of the tidal waves.

The Regional Delegation provided a regional perspective to the Tsunami response and briefed the participants on the resource mobilization and contributions by African national societies towards the Federation appeal. PIROI and ICRC representatives presented the way their respective organizations responded to the crisis. Special sessions were dedicated to a learning review process using the SWOT analysis as well as to discussing Early Warning Systems in preparation for the second phase of the Africa tsunami operation. The direct interaction between concerned national societies, regional RC-NET mechanisms, inter-continental perspectives and better visibility for African Red Cross Red Crescent preparedness and response activities were equally discussed.

Both the Geneva Secretariat and Nairobi Regional Delegation underlined the fact that preparedness programmes and exercises (Vulnerability Capacity Assessment) put in place in some situations like in Somalia only weeks before the disaster played a crucial role in the way national societies responded. The good coordination between the national societies, ICRC and the Federation was appreciated. However, the need for all the partners in the International Red Cross Red Crescent Movement to be more strategic and efficient was clearly expressed.

The Nairobi Meeting noted the unprecedented wave of sympathy and generosity raised by the tsunami disaster across the African continent. With 15 African national societies having launched appeals or initiated fundraising activities to supplement the global Federation appeal for the tsunami victims, it is a new dynamic transformation for Africa from an aid recipient to an aid providing continent. Both the public and the corporate sector also responded generously.

The working relationship between the media units in Geneva and Nairobi and both national and international media houses was highlighted as a particular support given to the operation in general and the fundraising effort in particular.

While focusing on the need for accelerating the development and implementation of such disaster management measures that will benefit the population living in high risk areas in the eastern African region, the meeting reaffirmed their determination to continue to assist and advocate the general and often forgotten vulnerabilities that are overshadowed by disasters that make the headlines.

The following priorities - dubbed "*The Nairobi Initiative - "Post Tsunami Recovery"*" - were identified by the meeting for the recovery phase and future disaster management:

1. Continue providing humanitarian assistance to those affected by the Tsunami.
2. Strengthen Disaster Management capacities of National Societies and Federation Delegations including disaster preparedness, response and recovery.
3. Develop capacities in the area of Early Warning Systems in coordination and cooperation with national and international actors.
4. Strengthen National Societies and Federation Regional logistics capacity.
5. Expedite the establishment of the Sub-Regional office for the Indian Ocean to support national societies in disaster preparedness and response.
6. Develop, review and advocate for National Disaster Management plans and identify the mandate and auxiliary role of the National Society within such plans. National Societies develop and/or review their own Disaster Management plan.
7. Develop and strengthen National Society community based disaster preparedness programmes by providing appropriate tools and required resources.
8. Optimize and utilize effectively Federation International Disaster Response tools such as Disaster Relief Emergency Fund (DREF), Disaster Management Information System (DMIS), and Regional Disaster Response Teams (RDRT).
9. Continue capacity building as prioritised within the frameworks of national society strategic development plans.
10. Ensure coordination between Movement components, the UN and other humanitarian actors for the greatest impact and to establish strategic partnership.

It was agreed that The Nairobi Initiative will be implemented through the plan of action currently being developed by the RC-NET and the Nairobi Regional Delegation in cooperation with the Geneva Secretariat based on the needs and priorities identified by national societies in the region. It is hoped that the positive outcome of this meeting will serve national societies in the whole of Africa and will provide a useful ground for the colleagues working with the tsunami operation in Asia. The Nairobi Initiative is expected to reinforce existing strategic plans and annual appeals for 2005.

## Somalia

### Overview

The SRCS Bosaso Branch Secretary travelled to Hafun district on 11 January for a supervisory and technical support visit to the national society's volunteer teams involved in the response to the tsunamis disaster in Hafun and Bender Beila districts. The Branch Secretary also delivered various basic sanitation tools including wheelbarrows, shovels, forks axes, spray bags and chlorine powder for use in response activities in the affected areas.

### Red Cross and Red Crescent Action

**Objective 1 (health): The health conditions among the most affected people in Somali coastal regions of Alula, Iskushuban (Hafun), Bender Beila, Eyl and Jariban have improved and the outbreak of epidemics and waterborne diseases prevented.**

*A Somalia Red Crescent Society volunteer attends to a child.*

UNICEF has supported the national society in provision of oral rehydration salt (ORS) and high energy biscuits. UNICEF has also been undertaking water purification and water trucking as well as provision of shelter materials such as tarpaulins and plastic sheeting. Red Crescent volunteers have assisted in water purification and chlorination of existing water points and water stored by families.

With support of UNICEF, a local NGO called SHILCON initiated the construction of latrines in Hafun. So far 30 temporary latrines made of sticks and covered with plastic sheeting have been constructed.

SRCS volunteers continued to collect and clear debris and garbage. They are equally struggling to mobilize the community to assist in collecting the garbage and debris strewn all over the streets. Additional

dumping and disposal sites also need to be identified.

The volunteers continued the spraying of households to prevent flies the possible spread diseases by flies. Other activities include assisting families in tracing their lost property and salvaging any usable items from the debris.

The SRCS has also held joint coordination meeting with UNICEF both in Hafun town and at their Bosaso office . The discussions focused on the possibilities of collaborating in improving health services in the Hafun district with UNICEF agreeing to provide sanitation tools.

WFP has distributed food items to the affected families in Hafun while UNHCR has concluded a preliminary assessment of the situation and needs there.

**Objective 2 (immediate livelihood restoration): Essential livelihood rehabilitation activities supported for selected families in the Seychelles and Somalia.**

Although not apparent, the destruction of the main coastal town of Hafun has also had a direct impact on about 800 nomadic families that inhabits a flat region in the mountains around Hafun district. The livelihood of these nomadic communities is so closely inter-dependent with those of the town; Hafun town has not only been the main source of food and market for these nomadic communities but also a place for storage of both commodities and personal savings with relatives living in the town. It follows therefore that some of the pastoralists also lost their property in the ensuing destruction in the town.

No assistance has been targeted to this nomadic community since the advent of the tidal waves and it is therefore critical that they are also taken into account for humanitarian assistance. Meanwhile, the nomadic community has remained the main source of meat and milk to the town.

A project planning assessment of the affected areas in Somalia will take place from 24 January. The team will comprise members of the Somalia Delegation Health department, the Regional Programme Officer for Water and Sanitation and the Uganda Red Cross Information Officer; the team will work closely with the Somali Red Crescent Society.

**Objective 3 (capacity building): The disaster response capacity of national societies in the East Africa region is strengthened.**

An IT support mission has been delayed due to capacity constraints in the Regional Delegation. A new IT and telecommunications position has been requested to assist the regional delegation in the overall Tsunami recovery operation.

A lesson learning exercise is planned at the end of the operation.

## Seychelles

### Overview

### Red Cross and Red Crescent Action

**Objective 2 (immediate livelihood restoration): Essential livelihood rehabilitation activities supported for selected families in the Seychelles.**

*A Seychelles Red Cross volunteer carries relief supplies for distribution.*

Seychelles Red Cross has been able to meet most of the needs for mattresses through locally raised resources.

Meanwhile, the consignment of 90 mattresses and 60 kitchen utensil sets procured for the Seychelles Red Cross through the Nairobi regional logistics department arrived in-country by Monday 24 January 2004. Seychelles Red Cross is in the process of clearing the consignment and arranging for its distribution.

Identification of the affected fishing communities has been completed in collaboration with local authorities. Funds have been transferred to the Seychelles Red Cross.

**Objective 3 (capacity building): The disaster response capacity of national societies in the Eastern Africa region is strengthened.**

The procurement of 50 sets kitchen utensils, 20 pieces family tents, 10 pieces office tents, 50 pieces tarpaulins and 50 pieces blankets procured by the Nairobi regional logistics department towards the Seychelles Red Cross disaster preparedness stock has been finalized and is in the process of being air lifted to Seychelles.

The Seychelles Red Cross has participated in a learning review of the operation with the Seychelles Government. The National Society facilitated the process using the experience of the Cyclone Gafilo learning review facilitated by the Regional Delegation Nairobi in June 2004.

Preparations for a VCA exercise and disaster management and psychosocial support training are ongoing.

## Africa Region

### Overview

The Nairobi Regional Delegation continues to offer support and assistance to those countries in its region, and is coordinating the substantial interest and support from other African national societies and non-Movement partners. Preparedness measures are being stepped up in anticipation of the 2005 cyclone season.

There is an outstanding need for a Francophone Disaster Management as well as an IT/Telecommunications delegates to assist the Nairobi Regional Delegation with the tsunami recovery and disaster preparedness activities.

### Coordination

Based on the Nairobi Initiative, a five year plan of action is under development to build on the priorities agreed in the Nairobi Initiative that will be presented by the Federation in the Africa Heads of Delegation meeting in Dakar and at the Movement recovery meeting to be held in Australia in February.

## Red Cross and Red Crescent Action

**Objective 3 (capacity building): The disaster response capacity of national societies in the Eastern Africa region is strengthened.**

Suppliers are reporting substantial depletion of stocks due to the large scale relief operations in Asia. A formal request has been sent to ICRC Nairobi for assistance in the management of disaster preparedness stocks for the Federation in Nairobi.

The ground work for a regional disaster response training, a training on dealing with media in emergencies and information management skills, and a regional logistics training is ongoing.

Preparations for this activity include meetings, already arranged, with UN-OCHA regional support office and other organizations. The Regional Disaster Management Coordinator participated in a regional information sharing meeting organized by UN-OCHA and presented an overview of the Tsunami impact in the region, Red Cross/Red Crescent response and concerns of early warning mechanisms.

A presentation was made on early warning and the subject reviewed at the Tsunami review meeting in held on 18 January in Nairobi.

**Objective 4 (advocacy): The humanitarian needs of the disaster affected and the work of the national societies are advocated for.**

A Rwandan Red Cross information officer was seconded to the regional delegation to assist with this activity arrived on Monday 17 January 2005 and is working closely with the regional information delegate on new stories and feature articles to highlight the impact of the disaster on the affected populations. Additionally an information officer from Uganda Red Cross is expected to arrive at the Nairobi regional delegation on 21 January 2005 for deployment to the affected areas in Somalia.
