pandemic

Climate and environmental crises

Requirements (CHF)
300,000

IFRC will contribute to empowering the LRCS to deal with the climate and environmental crises, and ultimately to respond to the needs of the affected population and vulnerable communities.

Organization level

- Lead the development of an action plan to build the capacities of LRCS staff and volunteers to address the climate and environmental crises at the community level.
- Lead with LRCS a needs assessment targeting west, east and south of Libya, support effective programmatic interventions and have a clear climate and environmental strategy in place.
- Develop institutional channels of communication with national technical governmental agencies, UN agencies, and international organizations implementing climate change adaptation actions and to sign memorandums of understanding (MoU) and agreements of cooperation.

Community level

- Lead with LRCS awareness-raising campaigns on the impacts of climate change, with tips on prevention and response addressed to communities highlighting the role of the community in mitigating its impacts.
- Conduct a Knowledge Attitude and Practice (KAP) survey to measure the impact of the campaign on behaviour change and ways to progress and scale up country wide.
- Run a public awareness campaign on climate change risks

Volunteers and staff

- Train LRCS staff and volunteers on the Road to Resilience and enhanced vulnerability and capacity assessment.
- Conduct a training of trainers (ToT) for LRCS staff members on the Road to Resilience and enhanced vulnerability and capacity assessment

Growing gaps in health and wellbeing

Requirements (CHF)
2,000,000

Libya's healthcare system is deeply affected not only due to COVID-19 pandemic, but also due to more than 11 years of protracted conflict. IFRC will continue to support LRCS to play its' auxiliary role and address identified gaps in health services, aiming to provide more humanly access to basic health care services to the affected population in Libya.

Organization level

- Develop a health and Wash strategy, including an action and funding plans until 2025.
- Support the LRCS's first-aid program through ToTs and updating the training manual.
- Mainstream basic psychosocial support across different LRCS programs.

Community level

- Reach 4,000 beneficiaries through conducting health and hygiene promotion and risk communication activities.
- Distribute 4,000 hygiene kits and COVID-19 prevention materials to vulnerable households in to complement the hygiene promotion efforts.
- Conduct RCCE with special focus on MHPSS addressed targeting 300,000 youth and adults through awareness raising sessions, social media and other channels.
- Deploy medical convoys as needed in order to alleviate the pressure on the healthcare system during a conflict or health emergency such as COVID-19.
- A CEA mechanism will be employed to solicit feedback from communities on project implementation.
- Deliver 18 first-aid trainings for community members.

Volunteers and staff

- Build the capacity of 120 LRCS staff members and volunteers from the six branches on the Community-Based Health and First Aid (CBHFA) approach and RCCE as needed
- train 550 staff and volunteers on Psychological First aid.
- Enhance the staff and volunteers' self-care capacities through awareness raising sessions around self-care and stress management, reaching 600 staff and volunteers.

Evolving crises and disasters

Requirements (CHF)
350,000

The IFRC will work on several pillars to lead and engage with LRCS to provide technical support, capacities and knowledge, support to mobilize resources and ensure quality implementation of response operations.

Organization level

- Facilitate the CVA self-assessment workshop and support the development and implementation of the LRCS CVA Preparedness Plan of Action.
- Finalize the standard forms and template for cash and voucher assistance for hiring of Financial Service Providers (FSP).
- Coordinate with organizations implementing CVA in Libya, including through the Libya Cash Working Group.

Volunteers and staff

- Roll out the National Response Team (NRT) training for ten branches following the delivery of the training at the regional level.
- Strengthen NS capacities by training logistics, procurement and warehousing staff and enhancing their skills and knowledge.

Migration and identity

Requirements (CHF)
2,000,000

Libya has long been a major transit and destination country for mixed migration patterns - interlinked with regional migration movements which created a huge humanitarian needs, I FRC will contribute to empowering the LRCS to respond to the needs of the affected population and vulnerable communities, support migration activities already implemented in the field and plan further extensions.

Organization level

- Establish migration focal points in branches across Libya.
- Strengthen the delivery of HSPs by facilitating peer-to-peer knowledge sharing with other NSs implementing them in similar contexts.
- Mainstream and standardize child safeguarding, PGI and PSEA in all migration activities in Libya.

Operation Plan - Strategic Priorities

Community level

- Establish four Humanitarian Service Points (HSPs) outside of detention centres using community-based modalities, and in detention centres for life-saving activities.
- Conduct a Gender and Diversity assessment with the referral pathways for migrants and IDPs.
- Implement advocacy campaigns on vaccine hesitancy addressed to migrants in different languages and advocacy for access to services with the government.

Volunteers and staff

- Migration focal points will be trained on Minimum Standards on Humanitarian Emergency Response for Migrants.
- Develop LRCS capacities and networks to attend relevant regional and local fora, meetings, and events.

Values, power and inclusion

Requirements (CHF)
700,000

Organization level

- Ensure the do-no-harm principle is mainstreamed in all activities and abide by a beneficiary-centred approach.

Community level

- Conduct a PGI organisational assessment with LRCS to understand particular gaps and challenges to inform a holistic approach to PGI.
- Sign an agreement with the Ministry of Education to provide and mainstream key messages and trainings to teachers and children, including on climate change, first aid and other areas as needed.
- Ensure that all programmes and projects developed and funded include people with disabilities amongst the targeted population.

Volunteers and staff

- Provide survivors of trafficking with HSPs including PSS, cash, non-food items, food, and health assistance.
- Establish an anonymous and confidential community-based feedback mechanism to ensure the identification of gaps when needed.
- Provide migrants with telephone services to contact their family members in HSPs and life-saving responses in detention centres.
- Develop and implement gender-specific interventions targeting women in emergencies.
- Provide tools and technical guidance for LRCS to scale up youth engagement within Libya via training LRCS volunteers on YABC with a contextualized approach.
- In collaboration with ICRC, conduct IHL and IHRL training to LRCS HQ staff members to integrate the adherence to international standards and the delivery of safe outputs.

Country Plan - Enablers

Engaged - with renewed influence, innovative and digitally transformed

Requirements (CHF)
250,000

Organization level

- Engage LRCS in regional and global technical working groups and coordination bodies.
- Engage with the LRCS on the possibility of chairing local networks within Libya pertaining to health, protection, and other thematic areas.
- Advocate for the approval of the draft law submitted to the Libyan Parliament defining the humanitarian role of the LRCS in the migration issue Libya is facing.
- Support LRCS in strengthening the engagement with international media to position itself as uniquely placed humanitarian partners of choice at local level.

Volunteers and staff

- Build the proposal writing skills of LRCS through training or on-the-job-coaching.
- Raise the awareness of LRCS staff members and volunteers working on protection and migration programmes regarding digital risks associated with storing sensitive information related to programme participants and people of concern.

Country Plan - Enablers

Accountable - with an agile management and a renewed financing model

Requirements (CHF)
110,000

Organization level

- Build the capacities of LRCS in budget management and set up financial monitoring mechanisms.
- Identify effective and efficient fund transfer modalities to ensure that the financial resources are received in a timely, secure, and efficient manner, allowing the implementation of its programmes and operations in an effective, transparent, and accountable fashion.
- Arrange regular meetings and workshops for these purposes and link the ICRC's financial management support to LRCS.
- Develop a strategy and plan of action to mitigate Fraud and corruption, starting from the available Code of Conduct, PSEA and Child Safeguarding policy developed by the LRCS.
- Conduct a fundraising market study and guide the development of the LRCS fundraising strategy.
- Continuously update partner and donor mapping to identify funding opportunities

Volunteers and staff

- Ensure that all staff undergo relevant IFRC online training on preventing fraud and corruption.

Trusted, owned and valued by the membership

Requirements (CHF)
562,984

Organization level

- Develop LRCS strategic planning process for the next three years and conduct a mid-term review of the current process.
- Accompany the LRCS along the process of orientation for branch capacity assessment through the most effective tools (BOCA, PER, etc.).
- Develop LRCS's NSD framework/approach based on the priorities identified in the OCAC conducted in 2017.
- Develop an action plan to operationalize the NSD framework engaging key experts from the IFRC, ICRC and PNSs.
- Provide security support to LRCS where needed or requested to ensure their services are provided through a safe and secure security structure

Community level

- Institutionalize CEA by establishing a community feedback policy.
- Establish a standardized feedback system across all programs.

Volunteers and staff

- Set up volunteer and youth spaces in ten LRCS branches as per priorities, with specific support to LRCS youth representatives in revitalizing the Youth Networks at the NS level.
- Develop and mainstream the LRCS volunteer management platform.
- Develop youth engagement assessments using IFRC YES toolkit.
- Lead the revision of the NS Volunteer Policy, ensuring that it highlights the role of women volunteers and volunteers from minorities and marginalized groups.
- Support LRCS in developing and managing the volunteer solidarity fund at the country level to provide the necessary support to volunteers injured or passed away in the line of duty.
